

35 David Salomon Drive

ROAD WORK NOTICE

Re: Construction Notice to Residents – Top Course Asphalt Placement
David Salomon Drive
City of Toronto

Dear Residents,

Please be advised that the final course of asphalt on David Salomon Drive is scheduled for Thursday, August 27, 2026, weather permitting. In the event of unsuitable weather, the work will be rescheduled to the next favorable day.

IMPORTANT – NO PARKING AFTER 7:00 AM

No vehicles may be parked on the roadway after 7:00 AM. Vehicles remaining within the work area may be towed.

TEMPORARY ACCESS CHANGES

Paving will be completed in two phases to maintain access to the property:

- Phase 1: South Entrance CLOSED – use the North Entrance via St. Dennis Drive.
- Phase 2: North Entrance CLOSED – use the South Entrance via Grenoble Drive once the new asphalt is ready for traffic.

Please refer to the attached plan and follow all signage and directions from construction personnel.

PLEASE PROTECT THE NEW ASPHALT

When driving on freshly paved areas, drive slowly and avoid hard braking, rapid acceleration, sharp turns, or turning your wheels while stopped. Do not stop or park on fresh asphalt unless directed.

Minor delays should be expected throughout the day. It is highly recommended to avoid driving on the day of asphaltting if possible, or parking on adjacent streets where permitted to avoid any delays to your commute. If you have scheduled deliveries, moving arrangements, special access requirements, or other time-sensitive needs, please contact the Property Management in advance.

Thank you for your patience and cooperation.

If you have any questions or concerns, please do not hesitate to contact us.
